New Courier.

Mr. G. H. Smith has taken the route for the delivery of the Courier in the district lying south of Jefferson and east of Second street. He is an industrious and reliable carrier, and will be prompt in the delivery of the paper as soon as it comes from the press. His interest in the route dates from the 2d of August, to whom alone payments must be made for papers delivered since that time.

**The Election for Clerk of Court of Appeals.**

The recapitulation of the vote for this office is as follows:

Revill.	McKeek.
In 86 counties.....	56,917
Bord.	49,262
Perry.	350
Breast.	317
Total.	573
Revill's majority.....	9,695
Total.	58,600
Revill's majority.....	49,565

In the 15 counties yet to hear from, the vote last year was 5,749 for Garrard and 3,316 for Jones. A like vote would give Revill a majority of 11,595. We are satisfied now that his majority will not vary much from 11,000. When we hear from Johnson county, we can state the result within a few votes.

**More Police Court Law.**

Henry Beardsley was arrested by watchmen on Tuesday, upon a charge of perjury, committed, it is alleged, in an affidavit made before a justice of the peace concerning his treatment while in jail, and brought into court.

The affidavit, as published in the Courier, was handed to and read by the court, and Beardsley was sent to jail this morning, in order that the original affidavit might be produced.

We can not what is contained in either the original or printed affidavit, Beardsley is not legally guilty of perjury, which is defined, in all law books to be "an oath or affirmation taken in a judicial proceeding, before a competent jurisdiction, it must also be material to the question depending, and false."

The oath taken by Beardsley was not "in a judicial proceeding," nor was it "material to the question depending," because no question was depending in a judicial proceeding, and it matters not if there was not a word of truth in it, he was not legally guilty of perjury, and ought to have been at once discharged, if this was his defense. We like to see a court of justice administer the law alike to the low and high, the great and small.

**North Carolina Election.**

Judge Ellis, the regular Democratic candidate for Governor in North Carolina, is elected by an overwhelming majority. His opponent was Duncan McRae, an independent anti-Leecompton candidate.

The returns received show a gain for Judge Ellis in nearly every county over the election for Governor in 1856, when Gov. Bragg was elected by over twelve thousand. In the Legislature the Democratic gains are three members, and the loss four. In the last Legislature there was a majority of eight in favor of something like fifty. Nothing has yet reached us from the election for members of Congress in the eighth district.

**PADUCAH AND NASHVILLE.**—The steamers Ella, Commerce, Acacia, Rock City, and Rock City, are making regular trips between Paducah and Nashville, leaving each day. Three mail packet boats also leave every week for the Tennessee river. Passengers for the Cumberland river will always be sure of a Nashville packet, without delay or detention, by stopping at Paducah, and while there they will be taken care of in the best style at the St. Francis' hotel, which is superbly kept by Messrs. Shields & Co. People who stop with them will only regret that their stay in Paducah is so short. "St. Francis'" unquestionably affords the best accommodations for travelers, of any hotel in the Union.

**HARVESTY'S FEMALE INSTITUTE.**—This excellent institution, under the charge of Rev. J. Atkinson and lady, formerly of this city, has, we glad to hear, been remarkably successful. The next session commences on Monday, September 10th, and those who secure scholarships with Mr. A. will be fortunate. He has applications beyond his present ability to accommodate. Copies of the annual announcement of the Institute may be had by those interested on application at Tripp & Craig's music store.

**To CONSUMMATE INVALIDS, and all those who suffer with diseases of the Throat and Lungs.**—We are requested to say, that owing to the number of invalids who have written to Dr. Flower, and are on their way to this city in order to consult him, that Dr. F. has returned to Louisville, Ky., and will remain at his office, on the corner of Centre and Green, during the summer months. He is desirous of establishing a permanent office in this city. His peculiar theory is rapidly gaining for him a successful practice. He offers a usual, consultative free to all.

**Those fond of works of art should call in at Harris' gallery, and see some of their recent life-size photographs. Among them are two daughters of our esteemed fellow-citizen, James Trabue, Esq.—beautiful faces, beautifully colored. Much praise is due to the proprietors of Harris' gallery, for the determination they evince to do the utmost of which their art is capable. Their gallery is credit to our city, and would be to any.**

**Mary, a slave in the employ of Mr. Graham, at the Opera, corner of Wall and Water streets, was attacked with lock jaw yesterday.**—Medical aid was promptly called in, and she was relieved by chloroform. A few days ago she had a stick in her foot, the point barely penetrateing the skin.

**Our WEATHER.**—Four days past have been extremely hot, the thermometer marking about 92 degrees the greater part of each day. At 11 o'clock on Wednesday night it was 88. This is extreme heat for this latitude. Last evening it was cooler.

**Robert McKee, Esq., editor of the Mayville Express, has sold one-half of that establishment to Mr. Benjamin Pickett, one of the oldest and most reliable citizens of Mason county. The Express is one of the ablest and most efficient Democratic papers in Kentucky.**

**We understand that the city council, in its partisan efforts to become as odious as possible to the masses, or for the purpose of enriching some of its minions, have passed an ordinance compelling the keepers of confectionaries and fruit stores to close on Sunday.**

**APPLE DUMPLINGS.**—It is necessary, in making these articles, the covering of the apple should not be quite so tough as leather to be edible. In order to make them light, spongy and palatable, you should use Harry's Quick Yeast. Ladie will notice.

**John M. Wilson, Black Republican, is announced as a candidate for Congress in the New West Albany district, in opposition to Hon. W. English.**

**The Cincinnati Commercial thinks "it is clear that Kentucky may be set down as among the Democratic States." That is our impression, decidedly.**

## LETTER FROM ARKANSAS

[Correspondence of the Louisville Courier.]

Desha Co., Ark, Aug. 7, 1856.

**Editors Louisville Courier:** Knowing that many of the subscribers to your valuable paper would be greatly gratified to hear of the election of their much esteemed friend, J. P. Johnson, to the Legislature from this county, I have concluded to give you a few facts in connection with the race. After a laborious canvass throughout the whole county, speaking in every township, and succeeded in beating his competitor, (who was the old representative,) and considered the popular unit man in the county, he was reelected majority in the same office, the largest ever received by any one for the same office in this country. The opposition was the strongest ever had in the county.

Mr. Johnson's friends have not only a right to proud of his majority, but for the honorable way he acquitted himself in the canvass. His speeches are highly complimented, and he is thought to be the best stump speaker in the State. He is a true Arkansian, and deservedly Speaker of the House of Representatives.

The crops in this vicinity that were not destroyed by the overflow, are very fine, especially cotton. The late planting of corn, I fear, will prove a heavy loss, but the crop is still standing, and the stand is partially destroyed by the worms.

SUPERIOR, Pittsburg, Cincinnati.  
GEN. PIPE, Pittsburg.  
HAZEL DEL, Rees, Memphis.  
DIAMOND, Louisville, Memphis.  
CROWN, Louisville, New Orleans.  
QUAPAW, Danier, Van Buren.  
R. M. PATTON No. 2, Bernard, Henderson.  
JOHN BELL, Vicksburg, Cairo.

The river was slowly rising yesterday, with four feet two inches water in the canal in the market at a rate of one-half inch per hour, and will rise to five feet by noon. It was also falling a little at the time, was down from Cincinnati, but falling above that point. The weather continues clear, and oppositely warm, the thermometer at 92 yesterday at noon, in the lower Ohio, the last arrivals report fully five feet water on the shoalless bars, the river falling slowly. The Woodford, with a moderate freight, found fully five feet water on the Flint Island, and so far up the river.

The Jacob Fox didn't go Wednesday, as advertised, for Pittsburgh, and yesterday we believe, she was trying for freight for Parkersburg.

STUDY BY DROWNING.—Yesterday afternoon, about 2 o'clock, a passenger on the John Gause, port side, was washed overboard, and after going a short distance along the gunnel, deliberately jumped overboard and was drowned. The officers and others on the hard deck saw the man fall, but did not attempt to stop him. They attempted to rescue him, but he never came to the surface, and was lost. It was not ascertained who the man was. He was tolerably well dressed, and his hat, which was picked up, is a soft, black hat, lined with white.

The Bell came in from Cairo yesterday, with rather a slim trip, though she had a full load down.

During the down trip, the Bell, one of Capt. Wm. D. Weston's fleet, died from the effects of the heat, or over exertion in work. He was taking corn on board at Mount Vernon, and was suddenly attacked with a giddiness and vertigo, and in a few hours died.

For Cairo, Memphis.—The light and smooth creek Diana, Capt. W. R. Hollister, starts to Mound City, Cairo, and Memphis this evening at 5 o'clock, from Portland. She is staunch and comfortable, as well as a remarkable light draught craft, with clever, attentive officers, and Captain Hollister on the clerk's office to attend to passengers.

The Hickman, a neat, comfortable boat, on her way to Hickman and Memphis, will be at the wharf this morning.

For HENDERSON.—The neat and comfortable packet, the Paris No. 2, having been detained, takes her departure to Paducah and Henderson to day at 3 o'clock. She starts from Portland, in charge of Capt. Ballard, assisted by Capt. Duncan in the office.

Thanks to Messrs. Woodward and Benedict, the chief clerks of the Woodford, for the late New Orleans departure and correspondence.

The Woodford, Captain Irwin, returns to New Orleans to-morrow, Saturday evening, from Portland.

The DISASTER TO THE VIRGINIA.—We have the exact particulars with partial details of the explosion of the Virginia, on the lake, meeting of which has already appeared in the Courier. The cause of the explosion is imputed to gun powder, as Capt. Myers states, that there was but three pounds of this on board the steamer. The examination is demanded by the officers, and will probably be given, as the features of this explosion are so novel as to excite curiosity, and to demand the most careful scrutiny.

The tow boat Monongahela passed up from some lower port yesterday, with the hull of a boat in tow.

Owing to the low water in the upper Ohio, the James Guthrie, the great tow boat, has been compelled to lay at Ehrenbrecher's.

The SINKING OF THE CADDO BELLE.—In the course due before yesterday, we announced the sinking of the Caddo Belle Red River. She was bound for New Orleans, from St. Louis, and about five miles below that point, on Monday. It appears that she had laid up at Jefferson for some time, and owing to the effects of the sun the scenes opened in the hull, causing her to sink rapidly, swamping her in a very short space of time. She had no cargo on board. The Caddo Belle was a new boat, and when the river falls she probably will be raised without serious difficulty.

The ELLA.—The Cumberland river packet, in charge of Capt. Hillard, arrived from Cairo last evening. She is advertised to return to Cairo to-morrow.

CARGO OF SALT.—The tow boat Wabash got in from Pomeroy last evening with a fleet of barges to all laden with salt.

For ALBION and Endeavor passed on Monday, bound up, and the Economy

Alice bound down, and the Economy

Jenny Gray and Mariana arrived at Pitts-  
ton Monday, and the Harmonia cleared for St.

John, going to the Pittsburg wharf.

The Pittsburgh Evening Chronicle, of Tuesdays.

The Quapaw, bound for the Arkansas, was at the wharf last evening.

The Cumberland river is too low for navigation, and the steamer, with a load from Cincinnati, has laid up at Smith's, and will remain there until about five miles below that point, on Monday.

Second and Third, I am now preparing to sail for New Orleans to-morrow.

In short, anything that pertains to a Con-  
mission or Agency business will meet with prompt attention.
